

STAND # 1: CRYER MALT

Supplying New Zealand craft brewers with quality brewing ingredients for over 30 years, Cryer Malt is dedicated to sourcing the most premium malt, hops and yeast to help brewers create the foundations of a truly excellent beer. Visit the Cryer Malt team to talk about Malt, Hops and Yeast, and how Cryer Malt can tailor a package to suit your brewing needs.

STAND # 2: CONTACT ENERGY

Have a chat with Tony and Craig from Contact Energy who are interested in talking about CO2 usage in the brewing industry. Contact is currently investigating the capture and supply of CO2 from their geothermal power stations, a project that the Guild is very supportive of.

STAND # 3: LABEL & LITHO

Looking for labels that make an impact? The labelling guru's at Label & Litho know all the tricks to create innovative bespoke labels that stand out from the crowd. Label & Litho are passionate about quality labels and quality service. Pop by and see the crew at Label & Litho to find out how they can create the best possible label for your requirements.

STAND # 4: GLADFIELD MALT

With over 40 different premium New Zealand malts produced with locally grown grains Gladfield Malt, also supply a vast range of complementary brewing and distilling products. With second to none customer service, the team at Gladfield Malt will exhibit at BrewNZ with the company of Murphy and Son representative, Nick Brading and the Australasia team of Lallemand Brewing.

STAND # 5: KONVOY KEGS

We're Konvoy and we're here to deliver cutting edge, tech-based keg solutions. Go see the Konvoy crew on stand 5 for unparalleled service and industry experience, and the very best in keg deals!

STAND # 6: FERMENTIS

Fermentis works with everyone in the world of beer, wine, spirits and other fermented beverages. Its range of products and services covers almost all professional requirements: from safeguarding production to expressing sensory characteristics. Call by and see the team at Stand 6.

STAND # 7: BINTANI

The Bintani team are really looking forward to seeing everyone for the BREWNZ'2023 Expo in Christchurch. We've got samples and tasters to showcase some exciting innovations from our international partners including Weyermann® Specialty Malt, Simpson's Malt, Indie Hops, and Fermentis. Come and see us for a taste and a chat.

STAND # 8: NZ HOPS

NZ Hops, true originators of some of the world's best and most unique hops. A sensory extravaganza, rub, taste, and takeaway some of these diverse and exciting hop varieties such as Superdelic™, Nectaron®, Nelson Sauvin™ and Motueka™, plus meet Dr Ron Beatson, NZ Hops Ambassador and New Zealand's leading hop geneticist.

STAND # 9: WEDDERBURN LABELS

Wedderburn Labels are excited to be showcasing world-class Custom Labels and a range of operational equipment including Label Applicator Systems, Automated Weigh-Packaging Systems, Check Weighers and Metal Detection equipment. From craft to corporate members, we welcome the opportunity to chat with you about your needs and how we can help turn your goals into reality.

STAND # 10: EECA

Breweries across New Zealand are taking action to future-proof themselves against a shifting operating environment and customer preferences. Call by stand 10, to find out about EECA's Brewing Decarbonisation Pathway. The pathway offers tools and resources which will both benefit your business and lessen the impact of the brewing sector as a whole.

STAND # 11: PHILSTIC

PhilStic Labels is a private, New Zealand owned and operated company in the second generation of family stewardship. PhilStic is disrupting the marketplace, with their new Gallus Labelfire 340 press. This state-of-the-art press delivers photographic quality resolution, meaning your brand literally jumps off the shelf. With another soon to be released game-changing product, make sure you visit the Philstic team at BREWNZ'2023.

STAND # 12: CLAYTON HOPS

Clayton Hops is a family-owned business with a new world-class pelletising facility in the Tasman region. As the largest hop growers in the country, we're proud to say that our innovation program is a game-changer for the brewing industry. Sign up to be first to receive samples of cryogenically processed enriched pellets, grab some of our CY23 T90 samples & talk to the team about our exciting new advanced hop products & how we can take New Zealand brews to the next level.

STAND # 13: THE INSTITUTE OF BREWING & DISTILLING

Learn, connect and thrive in your career as a brewer. With over 3,000 members from breweries of all sizes in 90 countries, the Institute of Brewing & Distilling (IBD) is here to help you achieve the benchmark in technical brewing knowledge to produce quality beer consistently. IBD can help you get industry exposure and professional contacts to help progress your career in the brewing industry and beyond. Call by booth 13, & take our 'Brewing Mastermind Quiz' to assess your technical knowledge, and see a live demo of our new on demand brewing courses, technical qualifications and training programs.

STAND # 14: HOP PRODUCTS AUSTRALIA

HPA is the largest hop grower in Australia, backed by a team of experts in plant breeding, farm operations, customer service and brewing support. As sole custodians of their Aussie hops, and regional representatives of the global BarthHaas group, HPA can supply a huge range of consistently high-quality Aussie, international and innovative hop products so you can make consistently high-quality beers. See the team at Stand 14.

STAND # 15: ANTON PAAR

Anton Paar develops, produces and distributes highly accurate laboratory instruments and process measuring systems. Our stand will showcase a range of instrumentation for the measurement of Density/SG, Extract, Alcohol, Colour, Dissolved CO₂/O₂, O₂ Purity, Total Package Oxygen and Fermentation Tracking in both the laboratory and process environment.

Further to this our team can introduce you to our ALAB 5000, that brings an automated lab to the line, and our Flexblend Inline Carbonating, Blending and Dosing solutions to optimise your production.

STAND # 16: KEGSTAR

Kegstar partners with brewers by delivering a more efficient and sustainable keg supply chain. Rather than owning, leasing or using difficult to recycle single-use plastic kegs, brewers share high-quality Kegstar branded kegs. Their complete outsourced keg solution also simplifies keg management by consolidating activities and costs that are normally hidden throughout a brewers' operations. The result is their proven pay-per-fill keg program that delivers unparalleled flexibility, predictability, operating efficiencies, and lower total cost of ownership.

STAND # 17: MCC

MCC works diligently to provide our customers with the right label solutions. We have the market expertise and resources to deliver labels that elevate your brand. Our experience in labelling craft beer spans from the smallest boutique products right through to large volume brands applied at high speed. Our team of label experts provide seamless solutions to the unique challenges faced in craft beer labelling and our booth will showcase our extensive selection of label materials and embellishments. So be sure to pop in for a chat at our booth or over at the coffee station, proudly sponsored by MCC.
