ARTWORK BRIEF

The NZ Beer Awards are the most prestigious beer and brewing competition in NZ. Hundreds of beers arrive at judging, some packaged, some in kegs, all need to be sorted, numbered, and chilled.

These beers, from across NZ (and some from Australia) have been passionately crafted using the very best ingredients, including hops, malt, water and other ingredients depending on the brew.

A team of qualified judges and stewards arrive each day to Riccarton racecourse by coach. Over 2.5 days every single beer is poured, and served, at the right temperature, to the right judge at the right time on the right table.

Kegs are wrangled, beers are tasted, over 50 people all working together to deliver a top notch event.

Winners are kept secret and announced in August at a glittering gala dinner.

The artwork needs to be eye-catching and represent the professional, creative and cool industry that is brewing. It could show parts of the brewing process, the judging process, or be an amazing piece of art that reflects the passion, craft and cool factor!

Remember to include the year 2025, and KONVOY.

We want this to be a collectors edition tee that changes each year and people are proud to wear.

Don't forget to add your name to the artwork :-)
